

Primary Care Health Professional Shortage Areas Designated on September 1, 2011

This listing reflects all HPSAs that were designated as of September 1, 2011; all HPSAs that are NOT included on this publication are officially withdrawn as of the publication of the list in the *Federal Register* on November 3, 2011.

It is important to note that the HPSA data available through on-line searches, such as [Find a HPSA](#) and the [Data Warehouse](#) are updated daily and will not exactly match the Federal Register listings. New HPSAs may have been designated since September 1, 2011, and other HPSAs may have been proposed for withdrawal or had no new data supplied to support their continued designation. These changes will be reflected in the on-line searches but will not match the information in the Federal Register, due to the time required to prepare the official notice.
